Small layout - 15 m<sup>2</sup>

### SE 5005 L lotus white gloss with SE 4004 H stone beech

#### FloatingSpaces:

A highly flexible panel system and modern furniture program creates a flowing transition between the rooms and their functions

#### Light, nordic atmosphere:

- SE 4004 H - stone beech  
(European hornbeam - ironwood, harder than oak)
- SE 5005 L - lotus white gloss
- Glossy highlights: polished edges from the aluminium shelf supports of the panel system and handle no. 261

#### Decoration:

Colours: white and grey-brown tones  
Subtle, elegant, subordinative to the kitchen

#### Panel system:

- Panel system integrated in the architecture
- The elegant grey-tone stone beech panels connect kitchen and living room
- Typical kitchen tall cabinets are invisibly integrated
- Shelf design and arrangement have a living room character
- Flowing transition from lotus white gloss shelves and supreme white gloss StoneDesign countertops.  
Colour and 3 cm thickness match.
- Continuation of the lotus white shelves and stone beech back panel on the rear side of the kitchen peninsula.

#### Arrangement of the panels and shelves:

- Asymmetrical arrangement of the panels  
example: 90 + 60 cm, 60 + 60 + 90 + 60 cm
- Skilful, asymmetrical arrangement of the shelves

#### Prototype:

- 70 cm wide tall cabinet doors can be slid and concealed in-between the 60 cm wide tall cabinets,  
planning width: 70 cm, planning depth: 77,5 cm. Available from: beginning of March 2012.

### Suggestions for solitaire panels

**SE 5005 L lotus white gloss - 22 m<sup>2</sup>**

Panel system in lotus white gloss in sink area and repeated as transition to adjoining living and dining areas.

1 cm optic for panel system shelves and countertop

Professional appearance due to 1 cm visible stainless steel countertops and island with stainless steel fronts

Material combination for fronts - sink run and tall cabinets in lotus white gloss, island in stainless steel

A picture is virtually created with the front joints

Voluminous, hovering island, with recessed side plinths

Stainless steel countertop  
1 cm thick

### SE 8008 LM lotus white matt with sterling grey gloss

#### Shelf system with side panels

SE 8008 LM sterling grey matt - lotus white gloss alternative

SE 8008 LM lotus white matt - sterling grey gloss

Flexible shelf system with 2,8 cm thick side panels and shelves  
Asymmetrical, vertical divisions, example: 45, 60, 60, 45, 45 cm

The kitchen character is broken by:

- the integrated drawer element
- shelf on the rear-side of the kitchen

Handles are currently either not visible or extremely dominant as for example the new centred handle no. 265. Exclusive to SieMatic, up to now not available on the market in this form.

The highlight:

- Matt shelf edges pick up the colour of the matt cabinet doors -> flowing transition between kitchen and living area
- Gloss inner shelf surfaces create a soft, elegant contrast to the matt edges and fronts
- Recommended combinations for a soft, elegant contrast:

Fronts/shelf front edges:  
sterling grey matt  
lotus white matt

Inner shelf surfaces:  
lotus white gloss  
sterling grey gloss

- combinations not to be recommended due to too stronger contrasts:

Fronts/shelf front edges:  
sterling grey matt  
greige matt  
sterling grey matt

Inner shelf surfaces:  
titan walnut  
truffle grey gloss  
basalt grey gloss

## SE 8008 LM lotus white matt with sterling grey gloss - 21 m<sup>2</sup>
